What secrets does the blood of Christ hold?

Terrorists are bent on destroying Christianity's most sacred relic, the Shroud of Turin, before a team of scientists can finish examining it. When geneticist Dr. Leigh Lancaster takes samples of the blood for DNA analysis, she suddenly becomes the prime target herself. She pairs up with team leader and historian Jonathan Tremaine, who is fighting his own demons, as they rush to stay one step ahead of the terrorists intent on killing them.

Soon, the unlikely duo discovers that there may be more to the DNA than they, or anyone else, suspect.

The Blood is a fast-paced thrill ride through Europe, full of action, intrigue, and romance.
