## **J.D. Edwards OneWorld: A Developer's Guide** Steve Hester, Steve Wilburn

This work delivers sophisticated technical knowledge necessary for third party and customized application development and deployment within a more flexible architecture. It includes reusable code and a standard preconfiguration which can be adapted to the specific business needs of the company in which it is being installed. Special "Developer's Corner" sections provide real-world/practical development advice for creating great software in the most efficient way.
