Spy Girl (Volume 1) Susan L. Larmon

What would you give to spend 10 exciting years as a spy girl? Like Nina Wagner, would you sacrifice true love, and be able to live undercover for months at a time? Would you agree to travel to other countries, and even other continents, for the sake of your job? Could you lie to those close to you about what you really do for a living? Would you be willing to put your life in mortal danger, if necessary? What about the precious lives of those you care about? Could you distinguish between those who truly love you and those who only want to use you, and protect yourself from the latter? Would your foreign language skills get you where you want to go, and keep you out of trouble? If, like Nina, you can answer yes to all of these questions, or at least a definite maybe, you might just have the makings of a spy girl!
