The main objective in writing a thesis or dissertation is to teach students how to conduct research in a planned and systematic way. Health Promotion & Education Research Methods, Second Edition provides an overview of the different approaches to research methods and introduces students to the five-chapter thesis or dissertation format. Designed for health education specialists, this text uses plenty of health education examples, some from former graduate students' work, to help students learn and understand how research is used within the Health Promotion and Education profession.
