Scott tackles the most important side of digital photography--how to take pro-quality shots using the same tricks today's top digital pros use (and it's easier than you'd think). Plus, he's got full chapters on his most requested topics, including loads of tips for landscape photographers, wedding photographers, and there's an entire chapter devoted to sharing some of the pro's secrets for making your photos look more professional, no matter what you're shooting.
