Man by a tree Dani J Caile

Put a tree on your shelf :-) Take a devilish romp through a world of death, where souls pay for experiences, monkeys are the hosts, and Reginald is the service provider. Reginald has been in control for millennia. With His staff of hundreds, and millions of souls passing through to experience the delights of physicality, his reign has become complacent. His servants, Satan and Lucifer, jump at the chance to take what they see as rightfully theirs. The Grim Reaper, or Graham Reader as he calls himself, has been doing his job of transporting souls ever since he can remember, to gain his wings. But he has become tainted by the actions of the monkeys living on the planet. Unbeknown to him, a plan is afoot to change the status quo of 'up above' and 'down below', where he is a linchpin to both interested parties.
