The scariest true story I have read in years...What has come out of that nightmare is fascinating, frightening book. If you've got an ounce of imagination, this book will scare the Hell out of you. Far more unsettling than fictional works such as the Exorcist...I did enjoy it thoroughly. This minute-by-minute account of the 28 demonic days is not for reading late at night, all alone. Not for the squeamish...terrifying. ..for the reader, the memory lingers. A frightening book...capable of scaring your socks off! Even the most callous non-believers are going to have to search their sould to find some rational solution. Don't look for it, however, alone in the dark.
