## **Dark History of the Kings & Queens of England: 1066 to the Present Day** Brenda Ralph Lewis

Despite its reputation as the longest established and most admired in Europe, the story of the English monarchy is punctuated by an ongoing roster of scandals, murders, betrayals, plots, treasons and general mayhem. Since 1066, England has seen three civil wars, six monarchs have been murdered or executed, the throne of England has been usurped four times, and won in battle three times. From the "accidental" murder of William II in 1100, through the excesses of Richard III, Henry VIII and "Bloody" Mary, to the conspiracies surrounding the death of Diana, Princess of Wales in 1997, this accessible and immensely enjoyable book highlights the true personalities and real lives of the individuals honored with the crown of England - and those unfortunate enough to cross their paths.
