Is there a way to always have a fat bank account, a better job, a delightfully smooth relationship, or a better body? Is it possible to realize these dreams now, rather than at some unknown future date? Lynn Grabhorn answers these questions with a resounding "yes." In *Excuse Me Your Life is Waiting*, she says that what molds every moment of every day of one's life are feelings. Using a candid, witty approach, she shows how feelings - not positive things, or sweat or strain, or good or bad luck, or even smarts - set the tone for people's lives. She frames her theory as a four-part plan that covers all the big topics - money, relationships, health and spirituality - without being pompous or preachy. Grabhorn's "Law of Attraction" lets the seeker find peace and pleasure in life by feeling rather than thinking.
