## **German Tanks of World War Two** George Forty

A leading authority on tanks and land warfare has gathered a magnificent and unprecedented collection of photographs of Germany's seemingly invincible armored tanks in all the war theaters. Here are the Kpfw variants, the superheavies, and specialized vehicles. Some appear in the midst of hard-fought battles in Stalingrad, while others ceremonially parade through cheering crowds. Expert commentary on the tanks' details, personal accounts of individual engagements, information on organization and training, and an emphasis on action make this a lively and informative military study.
