Star Trek Stellar Cartography: The Starfleet Reference Library Larry Nemecek

The Starfleet Reference Library: Stellar Cartography collects together ten original, never-before-seen large-format maps of the *Star Trek* universe. Pulled from the cartography archives of Starfleet Academy, these beautifully reproduced maps provide a rare opportunity to view the expanse of Federation space (and beyond) through the multiple lenses of the Galaxy's key players.

The maps include an ancient Vulcan map, a Klingon Empire map from the pre-Organian Peace Treaty era (in the native Klingon), an official Romulan government map of the Empire, a native Cardassian Union map from the Bajor occupation, along with Federation maps from the modern era. Housed in a handsome clamshell case and paired with a fully-illustrated reference book providing detailed information on planets, systems, and topography, this exclusive collection showcases the *Star Trek* universe like never before.

Product Features:

- A tri-fold clamshell case
- 48-page 8" x 10" hardcover book
- Ten 24" x 36" removable maps
