The Book of Beginnings, Volume 2: Noah, the Flood, and the New World

Henry Morris III

The Book of Beginnings, Volume 2: Noah, the Flood, and the New World Henry Morris III

Many in the Christian world today are confused about the true significance of the book of Genesis. Is it allegory? A collection of myths? “Spiritual” truth that shouldn’t be taken literally?

In the first volume of his Book of Beginnings trilogy, Dr. Henry Morris III offered clear, concise commentary on the Genesis account through the eve of the great Flood. In his new The Book of Beginnings, Volume Two, Dr. Morris explores the pre-Flood world, Noah's preparations for the coming cataclysm, the tremendous destruction wreaked by the deluge, and the restarting of human history up through the time of Abraham.

Drawing from scientific data, archaeological evidence, secular histories, and a thorough knowledge of Scripture, Dr. Morris clearly demonstrates that Genesis can only be understood as God’s inerrant record of real human history.
