Bohemia in America, 1858-1920 Joanna Levin

Bohemia in America, 1858–1920 explores the construction and emergence of "Bohemia" in American literature and culture. Simultaneously a literary trope, a cultural nexus, and a socio-economic landscape, *la vie bohème* traveled to the United States from the Parisian Latin Quarter in the 1850s. At first the province of small artistic coteries, Bohemia soon inspired a popular vogue, embodied in restaurants, clubs, neighborhoods, novels, poems, and dramatic performances across the country. Levin's study follows *la vie bohème* from its earliest expressions in the U.S. until its explosion in Greenwich Village in the 1910s.

Although Bohemia was everywhere in nineteenth- and twentieth-century American culture, it has received relatively little scholarly attention. *Bohemia in America, 1858–1920* fills this critical void, discovering and exploring the many textual and geographic spaces in which Bohemia was conjured.

Joanna Levin not only provides access to a neglected cultural phenomenon but also to a new and compelling way of charting the development of American literature and culture.
