Arctic Dreams Barry Lopez

Barry Lopez's National Book Award-winning classic study of the Far North is widely considered his masterpiece.

Lopez offers a thorough examination of this obscure world-its terrain, its wildlife, its history of Eskimo natives and intrepid explorers who have arrived on their icy shores. But what turns this marvelous work of natural history into a breathtaking study of profound originality is his unique meditation on how the landscape can shape our imagination, desires, and dreams. Its prose as hauntingly pure as the land it describes, **Arctic Dreams** is nothing less than an indelible classic of modern literature.
