When danger lurks, look to the MEN OF MIDNIGHT: dark, dangerous, and willing to do anything to protect the women they love. Former navy SEAL Joe Harris nearly died—twice—on a medevac helo after being blown up by an IED. He's not moving too great these days, but if there was ever a woman designed to jump-start a man's hormones, it would be his new neighbor. Meeting Isabel—loving Isabel—brought Joe back to life. Isabel Delvaux came from one of America's foremost political dynasties, until the greatest terrorist attack since 9/11 killed her entire family. She barely survived the Washington Massacre, only to become prey for rabid reporters. Fleeing to Portland and changing her name was a way out, a way to start over. The only way. She knows she's safe with Joe Harris. Not just because he's big and strong, not just because he's part of a security team that obliterates threats on the regular, but because he's been to the abyss and back. But as they help each other heal—through talk, through touch, through spectacular sex—the past comes back to play. When Isabel's memory starts to return and a mysterious stranger sends Joe emails indicating Isabel is in imminent danger, he'll do anything to help her uncover the truth. Even if that truth is the most terrifying thing of all...80,000 words
