Readers of Jane Austen's "Pride and Prejudice" thought what caused Mr. Darcy's change in character was his being told off by Elizabeth Bennet during his first proposal at Hunsford. This has been held out as the reason for the alteration from the proud selfish man Darcy was into the humble modest person Elizabeth could grow to love. It was not until the 21st century that the truth could be told! Read what has only recently come to light about that fateful day, April 9, 1813, that had such a transforming influence on our favorite hero in this account of "Mr. Darcy and the Space-time Continuum" - a humorous combination of science fiction and Regency romance! Bonus: two of Noe's 100 word stories are included at the end of the book.
