This pocket-sized book is the first osteopathic clinical manual to be organized by diagnoses in a two-page, quick-reference format. In the tradition of **The 5-Minute Consult Series**, each diagnosis is presented on a two-page spread. The first page has a definition of the disease, a list of associated autonomic and motor innervations, and a list of common somatic dysfunctions. The second page lists the techniques that might be used for those somatic dysfunctions. The second page is further subdivided into three levels of treatment: 2-minute, 5-minute, and extended. Next to each technique is the corresponding ICD-9 code for billing. Photos and schematic drawings are included.

The fully searchable online text is included with purchase of this book.
