High Performance Liquid Chromatography Fingerprinting Technology Of The Commonly-Used Traditional Chinese Medicine Herbs Baochang Cai, Seng Poon Ong, Xunhong Liu

This book provides a comprehensive and up-to-date account of the HPLC technology and fingerprints of commonly-used Chinese herbs. It contains HPLC fingerprints of over 40 traditional Chinese medicinal herbs and details of their sources, production and quality control. The book provides a practical review of the techniques, relevant materials, and the particular demands for using HPLC in traditional Chinese medicinal herb applications. It also covers HPLC methods used to analyze the herbs.

High-performance liquid chromatography (HPLC) is increasingly used in the field of traditional Chinese medicine for obtaining fingerprints of Chinese medicinal herbs. Advantages such as high speed, high resolution, high sensitivity, stability, accuracy, and automation make it one of the leading techniques used for quality control, standardization of planting, and new drug development in traditional Chinese medicine.

To date, no other books on HPLC fingerprints of traditional Chinese medicinal herbs have been published in English. This is the first book in English devoted to providing readers with state-of-the-art information on HPLC applied in the analysis of traditional Chinese medicinal herbs.

From reader reviews:

Raymond Levine:

Here thing why this particular High Performance Liquid Chromatography Fingerprinting Technology Of The Commonly-Used Traditional Chinese Medicine Herbs are different and dependable to be yours. First of all reading through a book is good nonetheless it depends in the content of it which is the content is as yummy as food or not. High Performance Liquid Chromatography Fingerprinting Technology Of The Commonly-Used Traditional Chinese Medicine Herbs giving you information deeper as different ways, you can find any e-book out there but there is no book that similar with High Performance Liquid Chromatography Fingerprinting Technology Of The Commonly-Used Traditional Chinese Medicine Herbs. It gives you thrill studying journey, its open up your current eyes about the thing that will happened in the world which is might be can be happened around you. It is easy to bring everywhere like in playground, café, or even in your means home by train. If you are having difficulties in bringing the published book maybe the form of High Performance Liquid Chromatography Fingerprinting Technology Of The Commonly-Used Traditional Chinese Medicine Herbs in e-book can be your choice.

Francis Rutland:

The feeling that you get from High Performance Liquid Chromatography Fingerprinting Technology Of The Commonly-Used Traditional Chinese Medicine Herbs is the more deep you excavating the information that hide in the words the more you get considering reading it. It does not mean that this book is hard to recognise but High Performance Liquid Chromatography Fingerprinting Technology Of The Commonly-Used Traditional Chinese Medicine Herbs giving you buzz feeling of reading. The author conveys their point in certain way that can be understood by simply anyone who read this because the author of this publication is well-known enough. This kind of book also makes your own vocabulary increase well. Therefore it is easy to understand then can go with you, both in printed or e-book style are available. We highly recommend you for having this particular High Performance Liquid Chromatography Fingerprinting Technology Of The Commonly-Used Traditional Chinese Medicine Herbs instantly.

Paul Blum:

A lot of people always spent all their free time to vacation as well as go to the outside with them family members or their friend. Do you know? Many a lot of people spent many people free time just watching TV, or playing video games all day long. If you want to try to find a new activity that's look different you can read a new book. It is really fun for yourself. If you enjoy the book which you read you can spent 24 hours a day to reading a publication. The book High Performance Liquid Chromatography Fingerprinting Technology Of The Commonly-Used Traditional Chinese Medicine Herbs it doesn't matter what good to read. There are a lot of individuals who recommended this book. They were enjoying reading this book. Should you did not have enough space to deliver this book you can buy often the e-book. You can m0ore simply to read this book from a smart phone. The price is not too expensive but this book possesses high quality.

Sheila Lefevre:

Do you like reading a publication? Confuse to looking for your chosen book? Or your book was rare? Why so many query for the book? But any people feel that they enjoy to get reading. Some people likes studying, not only science book but in addition novel and High Performance Liquid Chromatography Fingerprinting Technology Of The Commonly-Used Traditional Chinese Medicine Herbs or even others sources were given information for you. After you know how the great a book, you feel would like to read more and more. Science publication was created for teacher or perhaps students especially. Those books are helping them to include their knowledge. In other case, beside science reserve, any other book likes High Performance Liquid Chromatography Fingerprinting Technology Of The Commonly-Used Traditional Chinese Medicine Herbs to make your spare time far more colorful. Many types of book like this.
