Seasons in the Garden Sandra Fischer

Ever since the first garden appeared on earth and seasons were set in place, human kind has been subject to, as well as inspired by, the changes taking place in nature and in people. In spring new life appears, followed by summer's flowering, fall's fruition and finally winter's rest. The seasons of both nature and humans possess many parallels as found in the author's reflections in Seasons in the Garden. Through prose and poetry, scripture verses and illustrations, the reader can journey through the seasons and contemplate the likenesses found within nature and humanity.
