Weeds: In Defense of Nature's Most Unloved Plants

Richard Mabey

Weeds: In Defense of Nature's Most Unloved Plants Richard Mabey

“[A] witty and beguiling meditation on weeds and their wily ways....You will never look at a weed, or flourish a garden fork, in the same way again.”

—Richard Holmes, author of *The Age of Wonder*

“In this fascinating, richly detailed book, Richard Mabey gives weeds their full due.”

—Carl Zimmer, author of *Evolution*

Richard Mabey, Great Britain's Britain's “greatest living nature writer” (*London Times*), has written a stirring and passionate defense of nature's most unloved plants. *Weeds* is a fascinating, eye-opening, and vastly entertaining appreciation of the natural world's unappreciated wildflowers that will appeal to fans of David Attenborough, Robert Sullivan's *Rats*, Amy Stewart's *Wicked Plants*, and to armchair gardeners, horticulturists, green-thumbs, all those who stop to smell the flowers.
