Two Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) books combine into one book. If you purchase both books separately you would pay more for the books, plus the extra shipping cost. A great value! State Laws and Published Ordinances – Firearms (ATF P 5300.5). This publication is designed to help you comply with Federal and State firearms laws. Specifically, it will assist you in complying with the Gun Control Act of 1968 (GCA). The GCA prohibits licensees from selling or delivering a firearm to a non-licensee whose receipt or possession of the firearm would violate State or local laws applicable at the place of sale or delivery. In addition, this book will assist you in making lawful over-the-counter sales of rifles and shotguns to out-of-State residents—transactions that must meet the legal requirements of both your State of residence and the purchaser’s State of residence. State Laws and Published Ordinances \_ Firearms also includes a "Ready Reference Table" to provide you with additional assistance for your business operations. When deciding whether to make a sale, you should first consult the full text of the State requirements, and if appropriate, contact State and local authorities before making a decision. As a Federal Firearms Licensee, you play a critical role in ensuring that only eligible persons are able to acquire firearms from you. Your acquisition and disposition records, Firearms Transaction Record ATF Forms 4473, and Reports of Multiple Sales or Other Dispositions of Pistols and Revolvers ATF Form 3310.4, have proven invaluable to law enforcement agencies at all levels of government in tracing firearms involved in crime. PLUS: Federal Firearms Regulations Reference Guide provides information designed to help you comply with all of the laws and regulations governing the manufacture, importation, and distribution of firearms and ammunition. Accordingly, it contains the relevant Federal firearms laws and regulations. It also contains rulings, general information, and questions and answers to give you further guidance on the Federal firearms laws. The laws and regulations are in a different order from previous versions so that this publication will be easier to use.
