Everyday Talk, Second Edition: Building and Reflecting Identities (GUILFORD COMMUNICATION SERIES, THE) Karen Tracy Phd, Jessica S. Robles

This engaging text explores how everyday talk--the ordinary kinds of communicating that people do in schools, workplaces, and among family and friends--expresses who we are and who we want to be. The authors interweave rhetorical and cultural perspectives on the "little stuff" of conversation: what we say and how we say it, the terms used to refer to others, the content and style of stories we tell, and more. Numerous detailed examples show how talk is the vehicle through which people build relationships. Students gain skills for thinking more deeply about their own and others' communicative practices, and for understanding and managing interactional difficulties.
