Les thérapies familiales: Approches systémiques et psychanalytiques (Psychologie) (French Edition)

Marie Anaut

Un panorama complet traitant tout à la fois des approches théoriques, des techniques et des outils spécifiques de la clinique de la famille. En expliquant les pratiques cliniques, illustré par de nombreux cas, il interroge plus particulièrement les convergences et les spécificités des deux principaux courants - psychanalytique et systémique - sans négliger les courants les plus récents et approches connexes de la famille : thérapies familiales cognitives et comportementales, médiations familiales.

Marie Anaut est professeur en sciences de l'éducation et psychologie du développement à l'université de Lyon 2, psychologue clinicienne et psychothérapeute familiale.
