Principles and Practices of Teaching Reading (10th Edition)

Arthur W. Heilman, Timothy R. Blair, William H. Rupley

Principles and Practices of Teaching Reading (10th Edition) Arthur W. Heilman, Timothy R. Blair, William H. Rupley

Although this book promotes a balanced approach for the introductory courses for reading, it has long been recognized as a leader in phonics instruction. This tenth edition strengthens the book's reputation and serves as an authoritative and practical guide to teaching reading. Throughout the text readers will experience a wealth of classroom applications in the form of activities and games, detailed lesson plans, and examples of decoding and comprehension strategies. A three-part organization covers the foundations of literacy instruction, teaching students to become strategic readers, and implementing a literacy program. For elementary school reading teachers.
