An Other Testament: On Typology (Groundwork: Studies in Theory and Scripture) Joseph M. Spencer

How should we read the Book of Mormon? And does the Book of Mormon itself have anything to say about it? Joseph Spencer follows the lead of Nephite prophets who interpreted Isaiah and other prophets typologically—according to “types” and “shadows”—in order to preach salvation through Jesus Christ. By focusing on history, memory, time, repentance, and conversion, *An Other Testament* explores what it means to believe God provided the Book of Mormon to change a person like you and a world like ours.
