CoffeeScript: Accelerated JavaScript Development Trevor Burnham

Over the last five years, CoffeeScript has taken the web development world by storm. With the humble motto "It's just JavaScript," CoffeeScript provides all the power of the JavaScript language in a friendly and elegant package. This extensively revised and updated new edition includes an all-new project to demonstrate CoffeeScript in action, both in the browser and on a Node.js server. There's no faster way to learn to write a modern web application.

This new edition has been extensively revised and updated to reflect the current state and features of CoffeeScript. Every chapter has been revised and refactored, and new sections and a new chapter on testing have been added. If you already know JavaScript, this book will make your transition to CoffeeScript easy. If you're new to JavaScript, it's a great place to start.

New in this edition:

Automating setup with the Grunt task runner

Using CoffeeScript classes with the Backbone framework

Using CoffeeScript's simple callback syntax to interact with the Express framework

A new chapter on client-side and server-side testing with Intern

* A new project that gives you hands-on experience with browser-side and server-side CoffeeScript

CoffeeScript is every bit as portable and effective as JavaScript. It aids development by adding a bevy of features, such as classes, splats, list comprehensions, and destructuring. These features make it easier to write clear, readable code, and by learning how these features work, you'll deepen your understand of JavaScript as well. This book is your complete guide to writing better JavaScript code, faster.

From reader reviews:

Earl Austin:

Reading a reserve tends to be new life style within this era globalization. With reading you can get a lot of information that could give you benefit in your life. Having book everyone in this world may share their idea. Ebooks can also inspire a lot of people. Lots of author can inspire their own reader with their story or perhaps their experience. Not only the story that share in the guides. But also they write about the information about something that you need case in point. How to get the good score toefl, or how to teach your children, there are many kinds of book that exist now. The authors on this planet always try to improve their talent in writing, they also doing some research before they write for their book. One of them is this CoffeeScript: Accelerated JavaScript Development.

James Bardsley:

People live in this new time of lifestyle always make an effort to and must have the free time or they will get great deal of stress from both lifestyle and work. So , whenever we ask do people have time, we will say absolutely sure. People is human not really a huge robot. Then we request again, what kind of activity are you experiencing when the spare time coming to anyone of course your answer can unlimited right. Then do you ever try this one, reading guides. It can be your alternative with spending your spare time, the particular book you have read is usually CoffeeScript: Accelerated JavaScript Development.

Kenneth Kan:

Many people spending their time by playing outside having friends, fun activity along with family or just watching TV the entire day. You can have new activity to pay your whole day by looking at a book. Ugh, you think reading a book really can hard because you have to accept the book everywhere? It fine you can have the e-book, having everywhere you want in your Mobile phone. Like CoffeeScript: Accelerated JavaScript Development which is obtaining the e-book version. So , try out this book? Let's find.

Daniel Watkins:

As we know that book is very important thing to add our expertise for everything. By a e-book we can know everything we want. A book is a group of written, printed, illustrated as well as blank sheet. Every year was exactly added. This publication CoffeeScript: Accelerated JavaScript Development was filled with regards to science. Spend your spare time to add your knowledge about your scientific disciplines competence. Some people has different feel when they reading a new book. If you know how big good thing about a book, you can experience enjoy to read a guide. In the modern era like right now, many ways to get book that you simply wanted.
