Envyng Job

John Butler

Envyng Job John Butler

After author John Butler was diagnosed with the frighteningly advanced stage IV base-of-tongue cancer, he had no choice but to undergo an aggressive regimen of high dosage chemotherapy and extensive radiation. What could not be foreseen was the turn of events following treatment that would make the trials of the biblical Job seem mild by comparison. *Envyng Job* is a wry, harrowing, and at times unexpectedly humorous account of one person's struggle to survive trauma while balancing the demands of everyday life.
